

Soundproofed Studio

I can investigate the best material for absorbing sound.

I can explain why some materials absorb sounds.

Type of Material	Loudness of Sound

The band are waiting to hear your suggestions! Use your results to choose the best material for soundproofing their studio. Write a letter to the band explaining your choice. Think of your own name for the band.

Dear _____

I have tested several different materials and my results show that the one you should use to soundproof your studio is _____

It was the best material because _____

Yours sincerely, _____
