

Spellings - using prefixes - super-, sub-, inter-, anti-, non- and auto-.

Remember: look, say,
cover, write, check

This week we are looking at words with prefixes.

- The prefix 'super' means 'over or above'. It shows something is bigger or better than usual.
- The prefix 'sub' means 'under or below'. It shows something is less or beneath.
- The prefix 'inter' means 'between or among'.
- The prefix 'anti' comes from Ancient Greek and means 'against' or 'opposed to'.
- 'non' means 'not'. When added (as a prefix) it will give the word the opposite meaning.
- The prefix 'auto' comes from Ancient Greek and means 'self', 'own' or 'same'

Can you find any further examples of these spelling patterns? Look at the word, say the word, cover it over and write it each day to practise.

Spelling word to practise	Monday	Tuesday	Wednesday	Thursday
supervisor				
supermarket				
submerge				
interrupt				
interfere				
submarine				
antibiotic				
antifreeze				
nonsense				
nonstop				
autograph				
automobile				

Ask someone to test you on your spellings on Friday.
