

Waterproof Crossword

Amazing Fact

Tar pitch, the material used to coat roofs and roads, is actually a liquid that flows incredibly slowly. Each drop takes approximately ten years to form before dropping.

Challenge

Tar pitch is used to waterproof roofs.

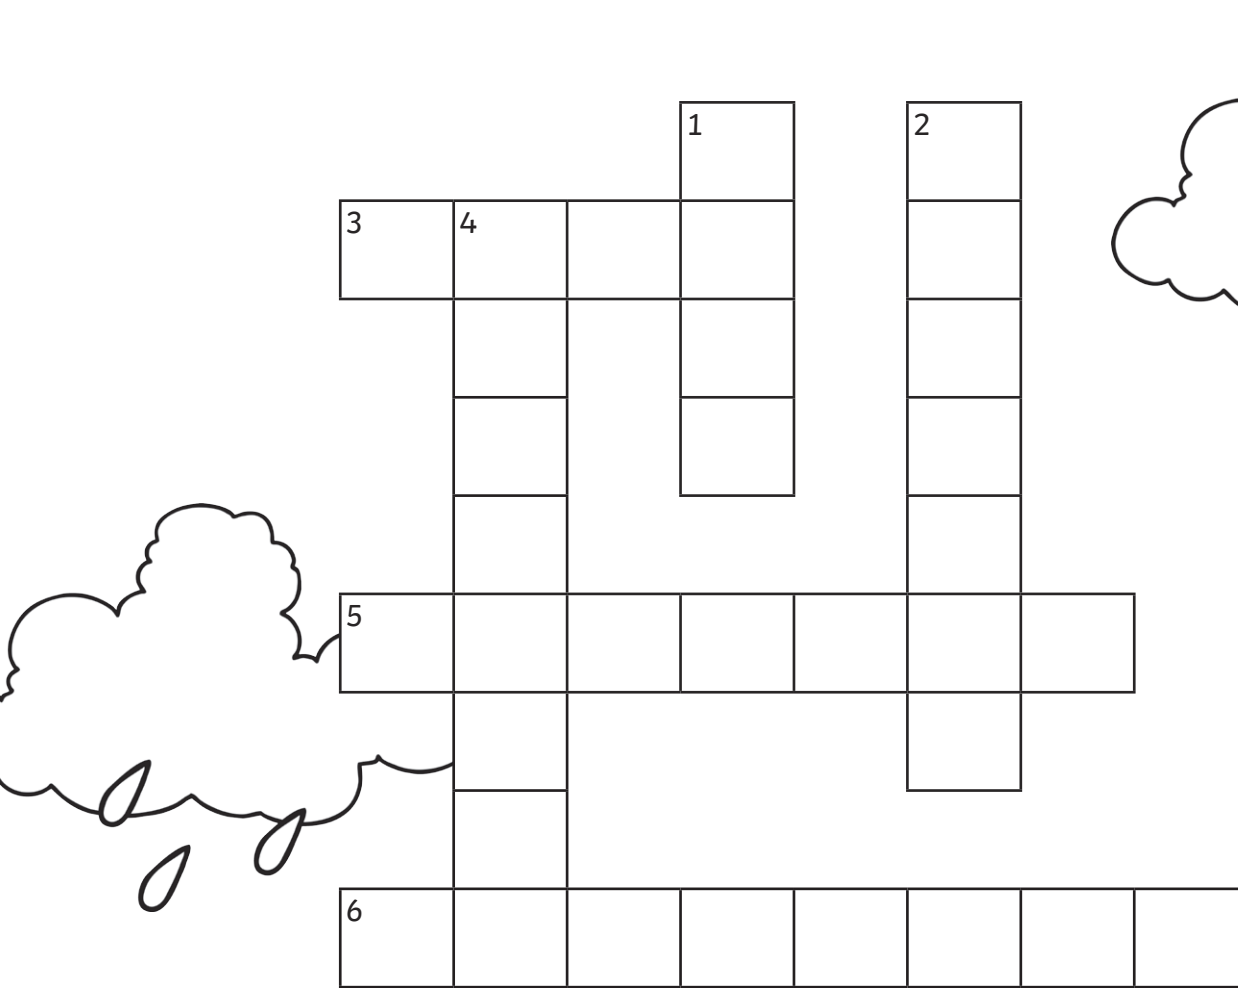

Answer the questions and complete the crossword provided.

You could also try to find out:

- what other slow-flowing liquids exist;
- what the official definitions of solids and liquids are;
- what speed ketchup flows at;
- if you can set up a slow-flowing liquid demonstration.
