

Dear Parents/Carers,

We have purchased a forehead thermometer for use in school. If your child is feeling unwell and/or displaying symptoms of COVID-19 whilst in school, we will take their temperature.

We appreciate that temperature alone may not be a symptom and will take into account other factors of your child's illness.

This is a non-invasive way of checking your child's temperature and we trust we have your support in this.

If your child is unwell whilst at home, please contact 111 for further advice if you are unsure if they should be in school.

If a family member is displaying symptoms, please do not send your child to school until medical advice has been sought.

Many thanks

Perryfields Primary School
