

Perryfields Primary School

Growing and Learning Together

Our Mission

To provide a rich, inspiring and engaging environment to develop lively, enquiring minds and confident communicators.

Our Vision for Learning

Our school community works together to ensure that pupils receive a rich, inspiring and engaging education. Every child is taught the knowledge and skills to become independent lifelong learners, aspiring to all standards of high achievement in all aspects of their life.

Curriculum Intent Statement

At Perryfields Primary School we aspire to ...

- Provide quality lifelong learning experiences across all subjects and areas.
- Cover a broad and balanced range of subjects, which are suitable for all pupils in a meaningful and purposeful way through inspiring themes and topics.
- We aim to ensure that our collaborative curriculum is planned, sequenced so that knowledge and skills build on prior learning as progression through each year group is key to retaining prior learning.
- All stakeholders have high expectations that children achieve the minimum national expectations at the end of each age group.
- Provide cross-curricular learning experiences centered round skills and structured towards real purposes or outcomes that involve parents, carers and the wider school community.
- It will ensure the locality of the school plays an important role and takes into full account the children's backgrounds and how they can best be prepared for future life and for the next stage of their learning journey.
- We aim to provide an inclusive, challenging and engaging curriculum, irrespective of starting points / levels of disadvantage – including SEND children, where all children are encouraged to be as ambitious as they can be.
- Plan and deliver frequent opportunities based on the application of reading, writing and maths for challenging learning, which is exciting, engaging and fun and includes visitors, visits, enrichment activities and enterprise events.

- Ensure that all of our children reach their potential, have respect for people of different faiths and cultures and are suitably equipped for their future lives in this community of Britain.

At Perryfields Primary School our curriculum is designed to inspire enthusiasm for learning, to ensure achievement and to support pupil well-being and happiness.

We provide first hand learning experiences that allow children to develop interpersonal skills and build resilience. Our cross-curricular approach enables our children to make meaningful links with their learning.

We celebrate our own special school identity through the unique experiences that our curriculum provides. We have developed a rich and varied menu of enhancement opportunities to engage learning and recognise individuality.

Our curriculum enables us to build strong relationships, celebrate diversity, encourage respect and build a sense of community. It provides and acknowledges success for all children, in all aspects of their development and it recognises, encourages and celebrates all types of talent.

Our values, Building Learning Power skills, PSHEE lessons and assemblies promote positive attitudes, which reflect the values and skills needed for future learning and success.

Teamwork and responsibility are an essential part of our curriculum and we enable children to take on key roles, becoming involved in the community, through celebration of local traditions, by learning new skills and enabling them to take an active part in events throughout the year.

Children leave Perryfields Primary School with a sense of belonging and are proud that they have developed the confidence and skills needed to be learners for life.
